

## New Media100 Lab: Assignment 2

### Objective:

Name and organize your nmd100 files on your desktop.

### Purpose:

Working with the web requires organization and attention to detail- this exercise allows you to get your files named and organized correctly.

### Process:

Following the steps in the class presentation  
"AmyPierce\_NMD100\_2013\_IntroToWeb\_Part1.pdf" name and organize your files accordingly.

### Reference:

For your reference, the lab presentation,  
"AmyPierce\_NMD100\_2013\_IntroToWeb\_Part1.pdf" is posted in the course documents folder on FirstClass.

### Submit:

Post into the body of an email (not in an attached file) in the  
"Assignment\_Dropbox" on FirstClass screenshot(s) showing your file organization.

**Please include your name and lab section on the top of your email.**

Assignments should also be posted to the "Assignment\_Dropbox" in the course conference folder on FirstClass **before class begins**.

Name your subject line of your email in the following convention:  
LastnameFirstname\_Assignment2

**\*Your assignment will not be accepted if you do not follow these naming conventions.**
